The FFL Range Has Expanded

First Fence is proud to launch a significant expansion of its commercial gate offerings, in collaboration with Wisniewski, the renowned European manufacturer of gates, fences and doors.

Introducing the RapidFold™ and RapidFold Pro™ range of Automatic Bi-Fold Gates. Engineered to provide a rapid access and egress solution, ideal for sites with high traffic flow and also those with limited space. The bi-fold design allows the gates to open much quicker than conventional swing gates and are ideal for busy urban sites, car parks and commercial properties.

Gate Types Available

	Primary Use	Key Advantages
RapidFold™	Small commercial sites needing quick speeds on operation	Space saving + Opening / Closing speed
RapidFold Pro™	Bigger commercial sites with a need for fast operation and advanced security	Space and time saving + covers a large opening

Example - RapidFold™ Double Leaf Gate - Vertical Bar Infill - RAL 9016 - Traffic White

Variations Available

**FFL RapidFold™

What This Means

“At First Fence, we are constantly looking to increase and improve our product range that we have available to our customers.

We are very excited to bring this range of automatic bi-fold gates to the market, in partnership with Wisniowski. We have seen a growing demand for access solutions that are both fast operating and space efficient. Our new bi-fold gates directly address this need, providing a superior security option that doesn't compromise on speed or reliability.

We believe this product will be a game-changer for many businesses looking to upgrade their site access. Adding this to the portfolio, along with being able to offer site surveys, groundworks, install as well as service and maintenance contracts enables First Fence to provide a complete package to our clients.

The RapidFold™ Gate range is available now and can be customised to meet your specific site requirements. So contact the First Fence Automation team today.

**Raising Standards
Advancing Safety**

As members of both the DHF and Gate Safe, we ensure all our fully automated gates, that are supplied as 'Plug & Play' comply to BS EN 12453 from a safety aspect.
