

Concrete Barriers

This Concrete Barrier is an interlocking heavy duty system designed for the ultimate in anti-vehicle perimeter protection.

Cast from standard high-strength concrete 40N/mm²) the barriers are quick and easy to install and are available direct from stock for next-day nationwide delivery.

The interlocking Concrete barriers are ideal for traffic management, flood defence, site security, rockfall, edge protection as well as for various temporary works.

For more information on First Fence products, call us at 01283 512 111 or browse www.firstfence.co.uk

Concrete Barrier

Our concrete barriers are 2500mm long and weigh 1450kg. The unique interlocking system provides incredible levels of security against unwanted visitors whilst allowing sections to be easily removed and repositioned should emergency access be required.

The barriers are available for delivery on a self-install basis using a standard forklift truck. Alternatively our experienced and fully-trained installation team can deliver and place them anytime, anywhere.

Concrete Barrier
