Curved for Safety, Constructed for Strength!

Our Bow Top Railings offer a sophisticated and secure fencing solution that blends traditional aesthetics with modern durability. Characterised by their iconic tubular hoops, these railings provide a soft, non-intimidating perimeter ideal for parks, residential developments, and schools where safety and visual appeal are equally important.

To ensure a perfect fit for any project environment, we offer a comprehensive range of heights, including 0.9m, 1.0m, 1.2m, 1.5m, 1.8m, 2.0m, 2.1m, and 2.4m. Depending on your site requirements, these units can be supplied for dig-in installation or with integrated base plates for bolt-down applications on hard standing. To provide a premium finish that lasts, our railings are available with a high-quality Polyester Powder Coating (PPC). This finish is available in a spectrum of RAL colors, allowing you to match existing corporate branding or blend the perimeter into the natural surroundings, all while providing an extra layer of protection against UV fading and environmental wear.

Key Features

- ⊙ **Anti-Trap Design**
(The spacings between bars and 'bow' prevent entrapment)
- ⊙ **Hooded Top**
(The rounded tops eliminate sharp points, reducing risk of injury)
- ⊙ **Corrosion Resistance**
(Galvanised and an optional PPC finish offer great resilience)
- ⊙ **Customisable Aesthetics**
(Powder Coating is available in an array of RAL colours)
- ⊙ **Perfect Integration**
(Designed to match the corresponding bow top railing gates)

Suitable For

- ⊙ Educational Facilities
- ⊙ Public Parks & Playgrounds
- ⊙ Residential Developments
- ⊙ Historic & Heritage Sites
- ⊙ Commercial Perimeters

Choose Your Style

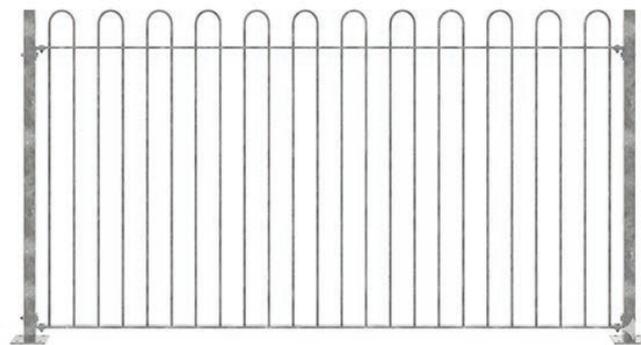

Dig In or Bolt Down, Galvanised or PPC

Our Standard Height Options, ranging from 0.9m to 1.2m, are ideal for low-level boundaries or playgrounds, for a streamlined and child-friendly safety solution.

For enhanced security requirements, such as school or commercial sites, our High-Level Railings reach up to 2.4m, providing a formidable physical barrier and increased site protection.

Our systems are available in both Dig-In and Bolt-Down configurations, allowing you to choose between a permanent concrete-set foundation or a space-efficient surface fix.

Both options feature a premium Polyester Powder Coating (PPC) in a full spectrum of RAL colors, ensuring a vibrant, rust-free finish that can be tailored to your exact aesthetic requirements.

Bow Top Railings are available as bolt-down and dig-in formats to suit hard and softer ground substances.

Don't forget to add post mix or ground anchor bolts to your order!

Railing Kit Contents

- Bow Top Fencing Panel (1)
- Bow Top Fencing Posts (1)
- Angle Cleats (4)
- M10 x 30mm Bolts (4)
- M10 x 80mm Bolts (2)
- M10 Shear Nuts & Bolts (6)

Essential Extras

For a strong installation, you will need post mix or ground anchor bolts, depending on the post style (dig in or bolt down format).

M12 x 115mm Ground Anchor
ACCS-GEN-1001

M12 x 160mm Resin Stud
ACCS-GEN-1502

Post Mix
POST-MIX-0001

Injection Resin Vinyl
Ester Cartridge
ACCS-GEN-1950

Pristine Protection

A RAL-matched touch-up spray is the ultimate insurance policy for your new railings.

While powder coating is incredibly durable, minor scuffs from transit or installation are often unavoidable.

By matching the exact colour of your ball top railings, you can instantly vanish nicks and seal the steel against moisture.

Spray Paint Touch Up

- Zinc - SPRY-PAI-0001
- Green - SPRY-PA-6005
- Black - SPRY-PAI-9005
- Red - SPRY-PAI-3020
- Traffic Yellow - SPRY-PAI-1023
- Blue - SPRY-PAI-5010
- Light Blue - SPRY-PAI-5012
- Dusty Grey - SPRY-PAI-7037
- Anthracite Grey - SPRY-PAI-7016
- Sky Blue - SPRY-PAI-5015
