## Rounded Safety, Reliable Security!

Our Bow Top Railing Gates provide a sophisticated blend of traditional charm and robust security, designed to perfectly match with our bow top railing systems. Characterised by their iconic curved tops, these gates give a softer aesthetic without compromising on strength, making them an ideal choice for locations where safety and style are equally prioritised.

Engineered from high-quality galvanised steel, these gates are more than a decorative entrance; they are a durable perimeter solution built to withstand the test of time. The galvanised steel ensures the gates remain structurally sound even in harsh environments. They are designed for longevity with minimal upkeep required. The bow design eliminates sharp edges, making them ideal for areas frequented by children.

### Key Features

- ⊙ **Superior Corrosion Resistance**  
(The dual-layer finish protects the gate from rust)
- ⊙ **Hooped Top**  
(The rounded tops eliminate sharp points, reducing risk of injury)
- ⊙ **Low-Maintenance Longevity**  
(Unlike wood, steel gates require no staining or treatment)
- ⊙ **Custom Aesthetic Finishes**  
(Choose from a variety of RAL colours to match existing systems)
- ⊙ **Perfect Integration**  
(Designed to match the corresponding bow top railing fencing)

### Suitable For

- ⊙ Educational Institutions
- ⊙ Public Parks & Playgrounds
- ⊙ Commercial Perimeters
- ⊙ Residential Gardens
- ⊙ Commercial Perimeters

## Choose Your Style

### Single or Double Leaf

Our Single Leaf Gates are perfectly suited for pedestrian entry or tight walkways, delivering a streamlined and space-efficient access solution.

For broader openings—such as driveways, vehicle entry points, or service access routes—our Double Leaf Gates provide a wider clearance and enhanced versatility.

Both options are constructed from the same durable, high-strength steel and can be equipped with a range of locking systems, allowing you to tailor security to your exact requirements.

All bow top gates are available as bolt-down and dig-in formats to suit hard and softer ground substances.

### Single/Pedestrian

### Double Leaf

#### Gate Kit Contents

##### Pedestrian Gates

### Gate Specifications

RAILING TYPE	MATERIAL	FINISH	HEIGHT	WIDTH	POST TYPE
<b>Bow Top Pedestrian (1.0m Wide)</b>	<b>Galvanised Steel</b>	<b>Galvanised/PPC</b>	<b>1.0, 1.2, 1.5, 1.8, 2.0, 2.1, 2.4m</b>	<b>1.0m</b>	<b>Dig In/Bolt Down</b>
<b>Bow Top Pedestrian (1.2m Wide)</b>	<b>Galvanised Steel</b>	<b>Galvanised/PPC</b>	<b>1.0, 1.2, 1.5, 1.8, 2.0, 2.1, 2.4m</b>	<b>1.2m</b>	<b>Dig In/Bolt Down</b>
<b>Bow Top Single Leaf</b>	<b>Galvanised Steel</b>	<b>Galvanised/PPC</b>	<b>1.0, 1.2, 1.5, 1.8, 2.0, 2.1, 2.4m</b>	<b>2.0, 3.0, 4.0, 5.0m</b>	<b>Dig In/Bolt Down</b>
<b>Vertical Bar Double Leaf</b>	<b>Galvanised Steel</b>	<b>Galvanised/PPC</b>	<b>1.0, 1.2, 1.5, 1.8, 2.0, 2.1, 2.4m</b>	<b>2.0, 3.0, 4.0, 5.0, 6.0, 7.0, 8.0, 9.0, 10.0m</b>	<b>Dig In/Bolt Down</b>

### Essential Extras

For a strong installation, you will need post mix or ground anchor bolts, depending on the post style; a dig in or bolt down format.

Post Mix  
POST-MIX-0001

M12 x 115mm Ground Anchor  
ACCS-GEN-1001

M12 x 160mm Resin Stud  
ACCS-GEN-1502

Injection Resin Vinyl Ester Cartridge  
ACCS-GEN-1950

### Gate Accessories

To ensure your gate operates safely and maintains its aesthetic appeal over time, investing in the right hardware is essential.

Safety is paramount, making a 4mm wire gate restrainer a critical addition; it acts as a fail-safe to prevent the gate leaf from falling in the event of a hinge failure. For daily operation, a floor-mounted gate stop provides a sturdy physical limit, protecting both the hinges and adjacent walls from damage caused by over-swinging or high winds.

Security can be bolstered with a heavy-duty padlock, ideally one with a hardened steel shackle to resist cutting and prying attempts. Finally, to keep the installation looking pristine, a touch-up spray paint can matched to specific RAL colours allows you to quickly seal any chips or scratches, preventing rust and ensuring a seamless, professional finish that lasts for years.
