Secure Site Storage & Versatile Modular Spaces

Designed for strength and rigorous global transport, our Site Containers deliver secure storage and adaptable solutions for construction sites, industrial warehousing, commercial ventures, and community projects. Made from high-strength, galvanised steel, these heavy-duty units easily withstand severe weather conditions, prolonged outdoor exposure, and demanding environments.

Available in both new and used conditions, our versatile 10ft, 20ft and 40ft units are modular, quick to deploy, and adapt to temporary and permanent site requirements. Whether utilised for their primary function of housing heavy machinery and maintenance equipment, or creatively re-purposed into modern workspaces, eco-friendly living areas, and trendy cafés, their utility is virtually limitless.

Featuring robust structural integrity and heavy-duty lockable handles, they provide contractors, site managers, and entrepreneurs with a highly dependable, theft-deterrent solution to securely protect valuable assets or innovatively transform space in any location.

Key Features

- ⦿ **Heavy-Duty Galvanised Steel Construction**
(Designed for structural integrity and long-term durability)
- ⦿ **High-Security Lockable Handles**
(Robust locking mechanisms deter unauthorised access)
- ⦿ **Extreme Weather Resilience**
(Built originally for maritime freight, the exterior is fully weather-resistant)
- ⦿ **Flexible Size & Condition Options**
(Available in 10ft, 20ft and 40ft footprints, with brand-new and used options)
- ⦿ **Modular & Versatile Design**
(Standardised dimensions, ideal for modification for unconventional use)

Suitable For

- ⦿ Secure Site Storage & Warehousing
- ⦿ Modular Site Offices & Workspaces
- ⦿ Commercial Retail & Hospitality Spaces
- ⦿ Eco-Friendly Housing & Architecture
- ⦿ Utility & Infrastructure Enclosures
