Timeless Aesthetics, Sustainable Strength!

EnviroRail® Estate Railings deliver a classic, traditional aesthetic paired with eco-conscious manufacturing. Built using an innovative modular system with precision-fit components and minimal welds, this system significantly reduces material waste and energy consumption without compromising structural integrity. The clean, defined lines of the vertical bars and sweeping horizontal rails provide a robust, authoritative boundary—ideal for rural estates, parks, residential developments, and public green spaces.

Available in versatile heights with a dig-in post format, the range adapts to any site requirement. Made from pre-galvanised steel and finished with a durable Polyester Powder Coating in your choice of RAL colours, EnviroRail® combines long-lasting corrosion protection with architectural style.

Key Features

- ✓ **Decorative & Durable**
(The traditional look of estate fencing with long-lasting strength of steel)
- ✓ **Modular System**
(Easy-to-install design with dig-in posts and secure fixings)
- ✓ **Corrosion Resistant**
(Galvanised with a PPC finish offering long-lasting protection against rust)
- ✓ **Eco-Friendly Manufacturing**
(Laser-cut, press-fit construction reduces energy-intensive welding)
- ✓ **Customisable Finishes**
(Available in a wide range of RAL colours)

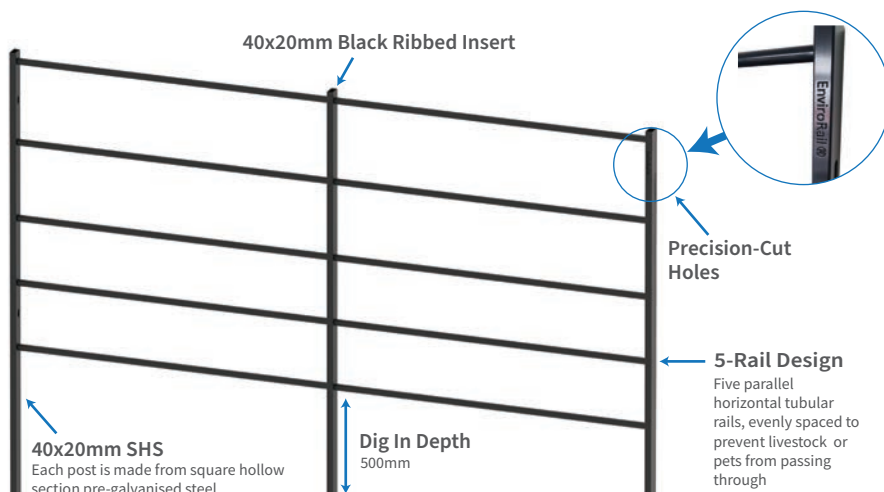

Suitable For

- ✓ Modern Residential Developments
- ✓ Public Urban Spaces
- ✓ Rural Estates & Farmland
- ✓ Commercial or Civic Sites
- ✓ Gardens, Driveways & Private Grounds

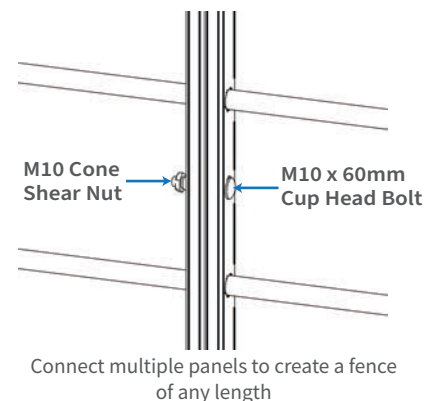

These railings are in stock in Black RAL 9005. You can also choose from a selection of other RAL colours including White Aluminium RAL 9006 which mimics a galvanised finish.

EnviroRail® Estate Railings Details

The tubular rail design provides strength and longevity to the railings. This style is more robust than the traditional flat rail design.

Estate Railings Specifications

PRODUCT	HEIGHT	BAY WIDTH	POST HEIGHT	POST SECTION	MATERIAL	FINISH	DIG IN DEPTH
1.2m High x 2.0m Wide Kit	1.2m	2000mm	1700mm	40x20mm (SHS)	Pre-Galvanised Steel	Powder Coated	500mm
1.2m High x 1.0m Wide Kit	1.2m	1000mm	1700mm	40x20mm (SHS)	Pre-Galvanised Steel	Powder Coated	500mm

The installed height is 1200mm above ground, including ground clearance.

Often Purchased With:

1.2m High x 1.2m Wide Single Leaf EnviroRail® Compatible Estate Railing Gate Kit

The Estate Railing Single Leaf Gate comes with a leaf, hinge and catch post, adjustable gate eye, spring bolt kit and black ribbed inserts.

These gates are a dig in only format and have a right or left-handed hanging side.

Available in the same colour options as the railings.

Note: These gates are compatible with EnviroRail® Estate Railings, but are not themselves EnviroRail® products.

1.2m High x 3.0m Wide Double Leaf EnviroRail® Compatible Estate Railing Gate Kit

The Estate Railing Double Leaf Gate comes with 2 leaves, 2 hinge posts, adjustable gate eyes, spring bolt kit and black ribbed inserts.

These gates are a dig in only format.

Available in the same colour options as the railings.

Note: These gates are compatible with EnviroRail® Estate Railings, but are not themselves EnviroRail® products.

Dig In Dependability

For a strong installation, you will need post mix.

Pristine Protection

A RAL-matched touch-up spray is the ultimate insurance policy for your new railings.

While powder coating is incredibly durable, minor scuffs from transit or installation are often unavoidable. By matching the exact colour of your railings, you can instantly vanish nicks and seal the steel against moisture.
