Heavy-Duty Waste Management & Public Sanitation

Engineered for high-traffic durability and longevity, our Litter Bin collection delivers superior waste management for parks, commercial hubs, educational facilities, and urban landscapes. Manufactured from eco-friendly, UV-stable HDPE and MDPE, this weather-resistant range features recycled, impact-resistant construction that prevents cracking, fading, and corrosion while reducing complex maintenance.

Ranging from compact 25-litre units to high-capacity 120-litre general waste, recycling, and specialised dog-waste solutions, our versatile free standing and ground-fixed models adapt to diverse site layouts—offering architects, facilities managers, and contractors an aesthetically clean, highly functional solution to keep public spaces hygienic and litter-free.

Key Features

- ⦿ **All-Weather Polyethylene Construction**
(Made from recyclable, UV-stable HDPE and MDPE)
- ⦿ **Eco-Friendly & Sustainable**
(Made using recycled materials)
- ⦿ **Versatile Range & Capacities**
(Sized from 25L compact models up to 120L high-volume units)
- ⦿ **Low-Maintenance Design**
(Smooth, easy-to-clean surfaces and corrosion-resistant materials)
- ⦿ **Flexible Site Installation**
(Made for strategic public placement with free standing & permanent options)

Suitable For

- ⦿ Parks & Green Spaces
- ⦿ Urban High Streets & Town Centres
- ⦿ Commercial Hubs & Retail Parks
- ⦿ Educational & Healthcare Campuses
- ⦿ Transit Hubs & Transport Terminals

Trojan Litter Bin

A modern, contoured design with a wide base for maximum capacity without losing stability on pedestrian footpaths. Free standing or fixed. Accessories: Seagull Flap, Ashtray, Stubbing Plate and Ground Bolts.

Centurion Litter Bin

A classic pillar-like design that will fit in with historic settings or urban areas. Free standing or fixed. Accessories: Seagull Flap, Ashtray, Stubbing Plate and Ground Bolts.

Cesar Litter Bin

A traditional look with a twist-lockable design, making it easy to empty. Free standing or fixed. Accessories: Seagull Flap, Ashtray, Stubbing Plate and Ground Bolts.

Titus Litter Bin Without Lid

This waste bin can be wall or post mounted at a convenient height. Also available with a lid. Accessories: Wall Fixing Kit, Post Fixing Kit and Steel Post for Litter Bin.

Titus Litter Bin With Lid

Also available without a lid. Comes with a handled liner. Accessories: Wall Fixing Kit, Post Fixing Kit and Steel Post for Litter Bin.

Eximo Single Litter Bin

A multi-purpose litter bin that can be used for general or recycling waste. Has an easy-to-open front to allow you to remove the liner, making it simple to empty. Free standing or ground mounted.

Eximo Double Litter Bin

This dual unit allows you to have a general waste and a separate recycling waste unit together by positioning the two units back to back. Free standing or ground mounted.

Apollo Dog Waste Bin

A strong, hard-wearing dog waste bin that can be fixed to a wall or a post using the rear fixing holes. Comes with a lift lid. Accessories: Wall Fixing Kit, Post Fixing Kit and Steel Post for Litter Bin.

Which Bin Do You Need?

Low Traffic/ Space-Constrained

TITUS

Ideal for indoor transitions, narrow walkways or locations with regular maintenance routines. Available with or without lid.

High-Traffic Streets & Parks

TROJAN/CENTURION

Built for high footfall. Robust, stylish profiles designed to prevent overflow, withstand heavy use and resist vandal damage.

Maximum Volume/ High Footfall

CESAR

Large-capacity unit for busy civic squares, event venues & major shopping centres needing maximum rubbish holding between service intervals.

Recycling & Sustainability

EXIMO SINGLE/DOUBLE

Encourages source-separation of recyclables (paper, plastic, cans). Ideal for commercial hubs, universities and eco-conscious spaces.

Parks & Dog- Walking Zones

APOLLO

Purpose-built for pet waste management in residential areas and public parks. Easy-open lid for easy access and to prevent contamination.
