

Key Features

- ✓ **Certified to SR1 (A1) LPS 1175**
(Provides a one-minute delay against attack using Cat. A tools)
- ✓ **High Security**
(Designed to deter and withstand unauthorised access)
- ✓ **LPCB Certified**
(Assures compliance with global security standards)
- ✓ **Durable Materials**
(PPC finish ensures longevity)
- ✓ **Versatile Installation**
(Dig-In and Bolt-Down posts available)

Suitable For

- ✓ Military Installations
- ✓ Government Buildings
- ✓ Data Centres
- ✓ Utility Sites
- ✓ Prisons and Correctional Facilities

Bolt Through Clamp Bar Design
More secure as it eliminates the use of rivnuts and fencing clips.

Approved on Gradients up to 25°
Suitable for a range of topography up to an incline of 25°.

Anti-Tamper Fixings
M8 Cuphead bolts and shear nuts, preventing tampering from the attack face of the fence.

Available in 868 or 358 Mesh Profile
868 mesh for strength and 358 prison mesh for anti-climb properties.
