Uncompromising Strength, Formidable Security!

Our Palisade RSJ Fence Post Systems provide an exceptionally robust, high-security, and dependable solution for heavy-duty perimeter framing. Engineered for absolute structural integrity using Rolled Steel Joists (RSJ), our range includes both Dig-In and Bolt-Down post options, each is galvanised with the option for powder coating for superior weather and corrosion resistance.

This specification covers our comprehensive End Post kits, available in standardised heights of 1.5m, 1.8m, 2.0m, 2.1m, 2.4m, and 3.0m designed to accommodate matching First Fence palisade fencing panels.

Key Features

- ⊗ **Heavy Duty RSJ**
(Offers maximum resistance against impact, bending forces and vandalism)
- ⊗ **Dual-Layer Weather Protection**
(Galvanised with optional powder coating for exceptional weather resistance)
- ⊗ **Versatile Ground Anchoring**
(Available in Dig-In and Bolt-Down configurations)
- ⊗ **Comprehensive Height Range**
(Supplied in six standardised industry heights to match palisade fencing)
- ⊗ **All-Inclusive Kit Formats**
(Comes complete with post (RSJ), End Fishplates and Security Nuts & Bolts)

Suitable For

- ⊗ Industrial Estates & Logistics Hubs
- ⊗ Critical Infrastructure & Utility Sites
- ⊗ Commercial & Retail Perimeters
- ⊗ Transport Links & Depots
- ⊗ Educational & Civic Facilities
