

Key Features

- ⦿ **Durability and Strength**
(Resistant to rust, rot, fire and pests)
- ⦿ **Cost-Effective**
(A budget-friendly solution compared to other fencing options)
- ⦿ **Easy Installation and Repair**
(Quick to install and easy to repair if damaged)
- ⦿ **Low Maintenance**
(Requires minimal upkeep)
- ⦿ **Visibility and Security**
(Allows clear visibility while providing a secure boundary)

Suitable For

- ⦿ Residential
- ⦿ Commercial & Industrial
- ⦿ Sports Enclosures
- ⦿ Agricultural & Farm Use
- ⦿ Public Spaces & Parks

Durability & Strength

Made from pre-cast SOLIDFORM® concrete posts with galvanised or PVC coated chain link rolls, this system is resistant to rust, corrosion and weather conditions, ensuring long-lasting performance.

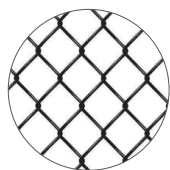

Cost-Effective

Compared to other options, it provides a budget-friendly solution without compromising security or durability.

Easy Installation & Repair

Lightweight yet sturdy, chain link fencing is quick to install and easy to repair, requiring only partial replacements rather than full panel replacements.

Visibility & Security

Unlike solid fencing, chain link allows for clear visibility while providing a secure boundary.

Specification - **SOLIDFORM** Concrete Posts

Post Type	Dig In
System Height	0.9m (total post height 1570mm) 1.2m (total post height 1850mm) 1.5m (total post height 2310mm) 1.8m (total post height 2610mm)
Material	Concrete

Specification - Chain Link Fencing Rolls

Height	0.9, 1.2, 1.5, 1.8, 2.4 and 2.75m
Length	25m (0.9, 1.2, 1.5, 1.8m), 12.5m (2.4 and 2.75m)
Material	Galvanised Steel Wire
Wire Gauge	Galvanised - 2.5mm, PVC Coated - 3.15/2.24mm
Colour	Galvanised, Green PVC Coating, Black PVC Coating
Comes With	Line Wire

Upsells

- F20 Hog Ring Clips Pack of 1000 (galvanised, green or black)
- Hog Ring Gun
- Rapid Set Post Mix

Call our Expert Sales Team for more information.

Chain Link Roll

Material	Galvanised Steel Wire
Colour	Galvanised, Green or Black PVC Coated
Height	900mm, 1200mm, 1500mm, 1800mm, 2400mm & 2750mm
Roll Length	25m (0.9, 1.2, 1.5 & 1.8m) & 12.5m (2.4 & 2.75m) (Comes with line wire)
Wire Gauge (galvanised)	2.5mm
Wire Gauge (green/black PVC)	3.15/2.24mm

Concrete End Post Kits

Concrete End Post (to suit system height)	x1
Concrete Strut (to suit system height)	x1

Fixings - x1 Stretcher Bar to suit system height, x3 250mm Eye Bolts, x3 50 x 50mm angle cleats and x3 M8 x 40mm hex nuts/bolts/washers.

Concrete Two-Way Post Kits

Concrete Two-Way Post (to suit system height)	x1
Concrete Strut (to suit system height)	x2

Fixings - x2 Stretcher Bars to suit system height, x3 250mm Eye Bolts, x6 50 x 50mm angle cleats, x6 M8 x 40mm hex nuts/bolts/washers and x3 galvanised loop nuts.

Concrete Intermediate Post

Concrete Intermediate Post (to suit system height)	x1
--	----

Concrete Corner Post Kits

Concrete Corner Post (to suit system height)	x1
Concrete Strut (to suit system height)	x2

Fixings - x2 Stretcher Bars to suit system height, x6 250mm Eye Bolts, x6 50 x 50mm angle cleats and x6 M8 x 40mm hex nuts/bolts/washers.
