Visually unobstructive

Hexagonal mesh design allows for unobstructed view for keeping an eye on crops or animals, close up or from afar.

High-strength wire

High tensile wire in a hexagonal mesh pattern gives strength enough to stand against regular pressure from wind, animals and pedestrians.

Size variation

With a variety of heights, wire thicknesses, and mesh sizes, the AgriHex[®] range is designed with versatility in mind.

Strong and secure

With a high tensile strength and hexagonal shape, this mesh offers enough protection to last throughout consistent use
