- ⊙ **Car parks**
- ⊙ **Industrial estates**

### Versatile

The galvanised bollards come in a range of diameters, with dig in or bolt down options to suit various situations.

### Professional Look

Plain galvanised finish and black plastic cap gives this bollard a professional and clean appearance.

### Corrosion Resistant

These bollards are hot-dip galvanised to ISO 1461 standard to secure against corrosion.

### Long Lasting

Products are guaranteed for 12 months if installed and used correctly. For installation services or advice, call our head office on 01283 512 111.
