

Crowd Control Barrier Trolley

A lightweight trolley with castor wheels to move larger quantities of Crowd Control Barriers with ease.

Portable Crowd Control Barriers are relatively easy to transport and store, but why not make it even simpler by using a Crowd Control Barrier Trolley?

- Made from steel and painted black
- Removable push handle that stores neatly on the trolley when not in use
- 200mm diameter rubber-tyred castors for mobility (2 with brakes)
- Will fit 24 Crowd Control Barriers measuring 1100mm in height and 2300mm in width
- Will fit 20 Plastic Pedestrian Barriers measuring 1100mm in height and 2000mm in width
- This trolley will work with most other barriers of similar size

Height	1310mm
Width	1180mm
Weight	52kg (unloaded)
Material	Steel
Finish	Painted Black
Tube Diameter	31.75mm
Length with push handle in place	1950mm
Length when stored	1475mm
Capacity	24 x metal barrier, 20 x Plastic Barrier
