Black & White Square Bollard Specification Sheet SPC-SQU-001A

Key Features

- **Strength**
  (These bollards have a thick galvanised steel wall)
- **Visibility**
  (White reflective bands increase visibility)
- **Corrosion Resistant**
  (Hot dip galvanised to ISO 1461 standards)
- **Variety**
  (Comes in a range of heights and diameters to suit the installer)

Suitable For

- **Loading Bays**
- **Warehouses**
- **Logistics**
- **Car parks**
- **Industrial estates**

Versatile

The black and white bollards come in a range of widths, with dig in or removable options to suit various situations.

Corrosion Resistant

These bollards are hot-dip galvanised and polyester paint coated to secure against corrosion.

High Visibility

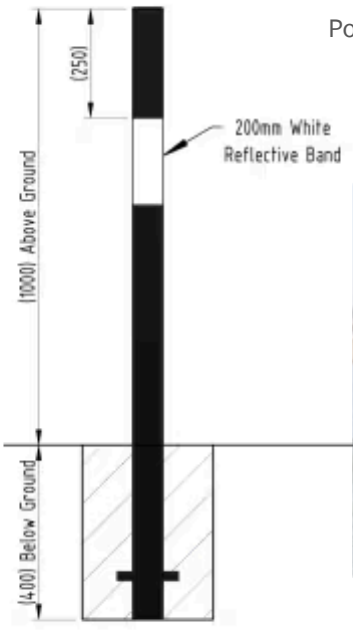

With white reflective bands placed 250mm down, these bollards are highly visible, even in low light areas.

Long Lasting

Bollards are engineered from robust, high-quality materials to provide long-lasting durability, ensuring they withstand heavy use and harsh environmental conditions.
