First Fence Limited

Security Fencing System

Product Name	Type	Nominal Height (m)	Maximum Post Centres (m)	Gradients	Angles in Fence Line	Security Rating	LPCB Ref. No.
EnviroProtect®	Metal rail fencing system	1.8, 2.0, 2.1, 2.4 and 3.0	2.9	0°	90°, 180° and 270°	A1 (SR1)	1745e/01

Approved Assembly and Installation Drawings

Revision / Issue Date	Title / Contents
A 16/02/24	EnviroProtect® 1.8m x 3.0m HIGH FENCING KIT (7 pages)

Notes:

- 1. The 'angles in fence line' define the range of angles covered by the scope. These are measured between the attack faces of two adjacent fence panels.
- 2. The fencing system is available in configurations to suit either surface mounting onto hard surfaces or embedding within concrete foundations placed in the ground. It is important to ensure that the local ground onto/into which the fence is installed offers compatible strength.
- 3. The fencing system should only be constructed and installed in accordance with the documents listed in the appropriate table titled Approved Assembly and Installation Drawings, only using appropriate components supplied by First Fence Limited.

This certificate is maintained and held in force through regular surveillance activities.
