Unshakable Support, Seamless Access Control!

Our Mesh Gate Post Systems provide a versatile and highly dependable foundation for secure access points. Engineered to withstand constant daily use and harsh environmental conditions, our range includes both high-performance Hinged and Catch Receiver posts, featuring a durable polyester powder-coated (PPC) finish for exceptional corrosion resistance and a sleek, professional appearance.

This specification covers our comprehensive Apollo[®] Gate Post range, available in heights of 1.2m, 1.5m, 1.8m, 2.0m, 2.4m, and 3.0m to accommodate everything from standard residential gardens to high-security commercial and industrial facilities. Designed for Apollo[®] Gate compatibility and straightforward installation, these posts deliver a flawless, secure fit that ensures the long-term safety and operational integrity of your mesh gate systems.

- ⊗ **Seamless System Compatibility**
(Designed to integrate with our Apollo[®] gate systems)
- ⊗ **Adaptable Installation Formats**
(Designed for Dig-in and Bolt-Down ground mounting)

Suitable For

- ⊗ Educational & School Perimeters
- ⊗ Commercial Properties & Business Parks
- ⊗ Sports Facilities & Public Parks
- ⊗ High-Security Industrial & Utility Sites
- ⊗ Residential Boundaries & Private Estates

Choose Your Style

Hinge Gate Post

The hinge gate post is a key component of our Apollo[®] Gate Systems providing strong and stable support for your gate leaf.

Made from pre-galvanised steel, this post is ideal for permanent outdoor use. A polyester powder coating delivers a sleek, professional appearance while offering additional resistance to scratches, weathering and vandalism.

Designed for both hard (bolt-down) and soft-ground (dig-in) installation, these posts offer stability for your gate system.

Post Caps available separately.

Receiver Post

The receiver or catch post is an important component of our gates, providing a secure and sturdy closing point.

Also made from pre-galvanised steel and finished in a polyester powder coating of your choice, this post is designed to endure in challenging outdoor conditions.

Green and Black are our standard colours, both of which will perfectly integrate with the matching gate leaf, however a full spectrum of RAL colours is available to select from

Post Caps available separately.
