

S-MAG

<https://www.locinox.com/en-gb/gate-hardware/locks/electromagnetic-locks/p00007707>

S-MAG is the perfect product to lock any type of sliding gate. It has a guaranteed tensile strength of 250 kg and resists extreme weather conditions. In case of harsh handling, the rubber bumpers prevent shaking of the gate. This way, the gate itself and its accessories are protected. The flexible assembly of the armature plate guarantees a normal closing, even if the gate isn't perfectly aligned.
